**AMPROD:**

SPRINGFIELD, MO (10/10/2023) - We are excited to announce that we have added Watson Metal Masters to the team! Please join us in giving a warm welcome to our new team members.

For more than 30 years, Watson has been dedicated to making their customers shine by providing them top-quality, custom shop-fabricated tanks, vessels, columns, bins, hoppers and silos for virtually every industry that needs them. In fact, they have been the primary tank provider for our own EnSight Likwifier line for years. As we welcome the company, we are also welcoming in their 100+ team members, who are spread between two state-of-the-art manufacturing facilities around the Springfield, MO, area. If you would like to learn more about Watson, their products and their history, visit <https://bit.ly/3Q8WyU7>.
